With reference to the conditions and limitations of the pre-purchase examination specified in the contract, my conclusions as the examining veterinary surgeon on the day of the examination are as follows:

- ☒ From a veterinary point of view, there is a standard risk that the health status of the horse as of this date will influence the proposed usage of the horse. Ref. point. 39+3N
- ☐ From a veterinary point of view, there is a mildly increased risk that the health status of the horse as of this date will influence the proposed usage of the horse. Ref. point.
- ☐ From a veterinary point of view, there is a moderately increased risk that the health status of the horse as of this date will influence the proposed usage of the horse. Ref. point.
- ☐ From a veterinary point of view, there is a considerably increased risk that the health status of the horse as of this date will influence the proposed usage of the horse. Ref. point.
- ☐ Without further supplementary examinations, it remains impossible to draw any conclusions from the performed examination. Ref. Point.
